Upper Bucks YMCA Names Theo Petridis of Quakertown Teen Fusion Role Model of the Year

The Upper Bucks YMCA is proud to announce that Theo Petridis has been named Role Model of the Year. The award recognizes a participant's embodiment of the Y's core values of honest, caring, respect and responsibility during their time in the Y's Teen Fusion program for the academic school year 2015-2016.

Teen Fusion is an afterschool program (that runs during the school year) and provides full privilege members between the ages of 11-14 the opportunity to access the Upper Bucks YMCA without the direct supervision of a parent or guardian. The Upper Bucks YMCA provides adult supervision in designated areas during this time and ensures a positive and safe environment for your child. Supervisors encourage interaction between participants and occasionally lead structured games and activities. Participants have the opportunity to be active, socialize with others their age, and work on homework each day.

**Theo Petridis has been named
the Upper Bucks YMCA Teen Fusion role model of the year
for the academic year 2015-2016.**
